PROFILE

My focus is primarily on 2D animation, where I would love to learn all and any aspects that relate to the industry.

As an enthusiastic individual, I consistently prioritise completing tasks promptly while upholding the highest standards. My attitude for quick learning allows me to effortlessly acquire new skills.

EXPERIENCE

2D Scene Prep Artist | JAM Media — May 2024-September 2025

ToonBoom Harmony

Within this role I built scenes for the animators and ensured continuity was upheld through the scenes. I learnt a lot about the animation pipeline and it make me eager to try out different departments in the future. Throughout this role I learnt the animation process for the rigs and was allowed to animate a few scenes.

- Importing assets, camera movement, posing and positioning, compositing, animation.

2D Animator | WotWudUDo — 2022

Procreate

This was an internship where I worked with a mental health company. I was tasked with producing concise animated visuals to depict the causes and effects related to mental health.

- Time management, art direction, editing, hand drawn animation.

2D Animator | UCLan — 2021

After effects, Photoshop

For this role I was responsible for creating a 2 minute educational video at illustrating "The Preston Model" to convey the city's economics in a manner accessible to young children.

- Team work, concept design, animation, editing.

ADDITIONAL EXPERIENCE

Personal Assistant | A&L Goodbody — 2023

Working in an office environment provided valuable lessons in task prioritisation and workload management.

Waitressing | Various Establishments — 2015-2023

This served as an excellent opportunity to cultivate resilience and navigate fast-paced, high pressure situations always with a smile on my face.
